Glenbard South student aces ACT

Congratulations to Glenbard South High School student Steven Luke Zinnen, who earned a perfect 36 on his ACT exam. Only 15 students in Illinois out of 25,000 who took the ACT in June earned this perfect score. Nationally, only 91 students out of 410,000 earned a 36 in June.

The ACT assesses students' general educational development and ability to complete college-level work.

The exam covers English, mathematics, reading, and science. The optional ACT writing test measures students' ability to plan and write a short essay.
